

Pet Portraits in aid of Waggy Tails

Would you or someone you know like a totally unique portrait of a much-loved pet?

The medium I use is graphite. The cost, unframed, would take the form of a donation of a minimum of £35 to Waggy Tails.

I can help with obtaining a frame and mount, or you can arrange this yourself.

Here are a few examples of portraits I have done.

If you are interested, call Linda Hicks on 01202 700380. I will need to work from a good photograph. It is essential that eyes and other main features and markings are clear. A digital photograph that can be e-mailed is best, but a hard copy is fine as long as it's a reasonable size. If you don't already have a photograph that you'd like me to use, I can provide an advice sheet on how to take a good picture.
